

# Divine Swine -Catering®

## *Our Elegant Presentation Options--*

In the last few years, we have noticed a trend among many customers who want a more elegant presentation and feel to their event, while still enjoying our great food.

Our Regular Presentation includes a standard chafing dish for hot foods, black serving bowls for cold items and condiments, and plastic serving trays for desserts. The buffet is covered with disposable table cover and skirting. Eating utensils, plates, cups, and napkins are also disposable. Everything included in this option is high quality and looks great.

This presentation is very, very nice, and has many advantages. It is included in our published prices, as it requires very little labor, and it is very simple. A huge majority of our customers choose this regular presentation.

That being said, you may want something more, and like always, we listen to our customers!

If so, the Bronze, Silver, or Gold option is for you. As you will see below, there are three tiers, each adding more products and services, and therefore expense. The main cost is in the labor. As you can imagine, it takes a lot of manpower to bus tables, fill water glasses, etc.

Please look over the listings and prices, as well as the pictures of the different options, and contact us with any questions you may have. We are confident that we can come up with the exact package you desire for your special day!

Your style, coupled with your budget will determine how we present your meal.

No matter how you choose to have us do so, one thing is certain – you and your guests will love the food!
